

WARSHIPS HELD READY FOR TRIP TO MEXICO

LAND CASE AGAIN IN COURT

George M. Davis Wins Skirmish on Appeal to Supreme Justices
Holders of Valuable Property Must Prove Titles Are Clear

Retrial of a suit for possession of 18.75 acres of land in this city, which is now valued at several hundred thousand dollars, was granted today by the Supreme Court in the case of George M. Davis against J. C. Crump, et al.
On January 8, 1910, Davis, with a force of 80 men, erected a wire fence around the property on a Saturday afternoon. On Monday, January 10, he filed suit against a long list of defendants asking that they be ousted. The property is bounded by Lake Shore avenue, Pleasant Valley avenue and Cottage and Prince streets, some of the choicest residence district in Oakland.
Davis rested his case on evidence of possession, which he claimed to have been effected by fencing in the sixteen acres. Record title was not involved, and the court granted a new trial. The case was then appealed.
Forty defendants were named in the suit and twenty-five attorneys became interested in the case. Attorney Milton Sheppard, represented the plaintiff and Attorney Robert H. Countryman appeared for the respondents. The suit was tried before Superior Judge T. W. Harris.
Davis took possession after he had received a quit-claim deed, recorded three days before, from Crockett & King. This deed, it was claimed on appellant's side, constituted color of title. The fence, which was five-and-a-half barbed wire, had been well put up and was maintained to have completed the claim to ownership. Just where Crockett and King obtained their alleged possession was not brought out in the first trial.
Later the fence was torn up by the individual property holders and the case went up to the Supreme Court. It will now be set for trial in this county, when the remittitur is handed down.

Garment Maker, Ordered to Carry Infernal Machine From Hall, Loses Both Hands.
RED BLUFF, N. J., April 3.—The explosion of a bomb last night at the meeting place of the garment makers' union injured one man so seriously that he may die. A meeting of the union was about to open, when the president officer saw an object on the floor which it is alleged, he requested Andrew Shulsky to carry out. Shulsky had carried the bomb about a hundred yards from the building when it exploded, tearing away both his hands, shattering his right arm and inflicting many body bruises.

Lieutenant-Governor Is Fined One Dollar

His Auto Stood Too Long in Los Angeles Streets; Official Arrested.
LOS ANGELES, April 3.—Because A. J. Wallace, lieutenant governor of California, broke the law, the city treasury of Los Angeles is richer by \$1. The assistant chief executive of the state was arrested yesterday by a traffic policeman who charged him with having violated the ordinance which limits the time automobiles may remain standing on streets. The lieutenant governor admitted that he had broken the law and smilingly paid the fine.

HELEN GOULD IS OAKLAND GUEST

MISS HELEN GOULD, Guest of Oakland Y. W. C. A.

200 GREET HEIRESS HERE

Young Women's Christian Association Headquarters Inspected by Visitor

About two hundred of Oakland's most prominent women attended the reception given this morning at the administration building of the Young Women's Christian Association in honor of Miss Helen Gould and party.
The invited guests were either members of the Association, or friends interested in the work, and the list was necessarily confined to a limited number, because of the restricted quarters.
Members of the reception committee were on hand promptly, as were all who had received invitations, for Miss Gould's time on the Pacific Coast is short. She will remain in San Francisco until next Thursday, when she will depart for the southern part of this State.
Among Miss Gould's philanthropies, the work of both branches of the Christian Association stands pre-eminent. She has already visited the San Francisco branch and the Oakland branch feels especially honored that she accepted their invitation to appear here. In honor of the occasion the entrance hall of the Association building and three rooms of the opening suite were transformed into a bower of spring blossoms.

FIVE IN PARTY

There are five people in the Gould party, including a cousin, Miss Helen, Mrs. Shaw, Miss Stebbins and Mr. and Mrs. Tichenor of New York. Mr. Tichenor being at the head of the army and navy branch of the Young Men's Association.

The reception was remarkable for the friendly spirit exhibited. This was probably due to the personality of Miss Helen Gould herself, about whose greeting to each and everyone presented there was nothing perfunctory.
She shook each hand as if it were that of a personal friend, looked each guest squarely in the eye, and had something to say beyond a mere "How do you do." And this spirit of friendliness extended to other members of her party, who will leave behind them nothing but the pleasantest of memories to those fortunate enough to have met them.

LIMITED TO 30 MINUTES.

Their stay at the administration building, guest of Mr. Benjamin Ide Wheeler at the State University. Following that, she was booked for a reception in her honor given by the Century Club of San Francisco.

Before leaving for Berkeley the Gould party inspected the administration headquarters, which appeared to interest her deeply. Miss Grace Fisher, president of the Young Women's Christian Association of Oakland, stood next in line to Miss Gould.

Among the guests were a committee from the Young Men's Christian Association of this city, including Messrs. Morton and Jenkins. Warren Olney Jr. was

Engineers Ordered to Cease Their Flirting

Railroad Says Employees Must Pay Less Attention to Farmers' Daughters.
CHICAGO, April 3.—Engineers, firemen and trainmen in general are warned to cease flirtations with farmers' daughters and direct their attention to the track ahead. An order issued here today by an official of a western railroad, which stated that hand and handkerchief waving must cease, and that there is no room for a general toning down of employees, a general toning down and a closer watch on the company's business.

FLOOD PUTS HUNDREDS TO ROUT

Mississippi River Is Rising Rapidly and Many Farms Are Inundated
Warning Sent Out by Weather Bureau; Levees Carefully Guarded

DAMAGE BY FLOOD

PLACES MOST SERIOUSLY AFFECTED BY BIG MISSISSIPPI RIVER FLOOD: Memphis, Tenn., New Madrid, Mo., Columbus, Ky.
Total damage to date, estimated at \$1,000,000.
Numbers of people driven from homes, 8000 to 9000.
Volume of water, six to ten feet above danger line between Cairo, Ill., and Arkansas City, Ark.
Crest of flood possibly will be reached in district affected between April 4 and April 8.

With four Mississippi towns seriously affected by invading waters caused by the greatest rise recorded in river history, the flood situation today assumed more serious aspects in widespread distress, heavy financial loss and impairment of business facilities.

Two thousand persons driven from the factory district of Hickman, Ky., are being cared for by townspeople at great personal sacrifice.

The levee broke opposite Hickman yesterday, at Dorena, Mo. A thousand residents of the community were rescued, many from the tops of their homes, and taken to Hickman.

Hickman's food supply is dwindling. Trains bearing food and provisions cannot reach the flooded town because of railroad washouts.

BLOCKS UNDER WATER.
From fourteen to twenty blocks in the area covered by the flood in the northern section of Memphis, from 700 to 1200 persons have been driven from their homes. The water continued to rise in the Bayou Gayoso, a small levee protecting which gave way Monday. A heroic fight of two days and nights was made by laborers to save the Memphis gas plant but the force of the flood was too great and the protecting levee gave way last night. Today Memphis is without gas.

Near Vicksburg, Miss., the water is rising. Farmers are leaving lowland homes, taking their goods and livestock, according to the example set by thousands of persons in Missouri, Kentucky, Tennessee and Arkansas.

The War Department will send hundreds of army tents to New Madrid for persons made homeless by the flood, according to orders issued by President Taft at Washington today.

SITUATION IS GRAVE.

Search for Mountain Outlaws Is Continued

Bloodhounds and Posse on Trail of Sidna Allen and Wesley Edwards.
HILLSVILLE, Va., April 3.—Refreshed by a badly needed night's sleep and the first decent food they had eaten in many days, the detective posse went back into the mountains today to continue their search for Sidna Allen and Wesley Edwards, outlaws who killed several county officials.
Fanny and Topsy, the state's bloodhounds, are being given another chance at the outlaws.
Sidna Allen has been seen several times within the last two days, but no one has seen Edwards. Detective T. L. Felts, who has been directing the hunt, went to Richmond today to confer with Governor Mann.

Sits on Tree-Limb, Saws It Off, Breaks Ribs

Albert Irvine, a gardener, 48 years of age, living at 418 Trent street, climbed into a tree this morning and sat upon a limb while he sawed it off at the trunk. He fell ten feet and sustained two fractured ribs, which were treated at the Receiving hospital by Steward Platt. "It was very careless of me," said Irvine, "for I should have known better."

BLOODSHED FEARED IN SOUTH

San Diego Police Armed With Rifles and 30 I. W. W. Members Are Jailed
All Members of Order to Face Charges Or Be Run Out of Southern City

SAN DIEGO, April 3.—Policemen of San Diego are being armed with rifles today and thirty men had been arrested at noon, all members of the Industrial Workers of the World. According to J. K. Wilson, chief of police, all members of the order are to be arrested, and face charges or be run out of town. It is expected at least one hundred men will be taken into custody before night. This order is the result of a clash between the police last night, which developed into a small sized riot.
In addition to throwing out the dragnet for the Industrial Workers of the World, the chief of police has sent a squad of men armed with rifles to the northern city limits, to assist in turning back a reported detachment of 250 men said to be on the way here from Los Angeles. Special men are to be sworn in as policemen before night and the head of the department declares the members of the I. W. W. will be taken to the city limits in squads and told to "move on."
The headquarters of the organization this morning were raided and as fast as members showed up they were arrested. In addition to this the deportation of Benjamin Butcher, citizen of England, was ordered. Exciting scenes are expected in this city before the day is over.

SPEAK AT SANTA ANA

SANTA ANA, Cal., April 3.—Ninety members of the Industrial Workers of the World on the way from Los Angeles to San Diego to aid fellow members of the organization in the so-called free speech campaign there dropped off freight trains here last night.
They held street meetings today and made speeches to small gatherings, asserting that fully 500 more members of the organization were on the way to San Diego. No arrests were made here.

ITUS RELEASED

TACOMA, April 3.—Dr. H. F. Titus, leader of the Industrial Workers of the World movement at Hovey, was released from custody today by order of United States Judge Hanford. Titus was arrested at Hovey during the lumber mill strike there on a federal warrant and brought here for his hearing. Judge Hanford declared that court was without jurisdiction and ordered the release.

Famous Naturalist Celebrates Birthday

POUGHKEEPSIE, N. Y., April 3.—John Burroughs, the naturalist, is celebrating his 75th birthday at his home near Hyde Park today. He was born on April 3, 1837. A message sent by him to friends here says: "My seventy-fifth birthday finds me in good heart and health, my interest in life unabated, and with more work to my credit for the last year than for any other year in my life."

Kruttschnitt Elected Railroad Director

LOUISVILLE, April 3.—Julius Kruttschnitt and L. J. Spence, vice president of the Southern Railway company, here, succeeding W. Bayard Cutting, deceased, and Clarence Mackay, resigned. Kruttschnitt is director of maintenance and operation of the Union Pacific and Southern Railway systems and Spence is traffic director.

Leader of Bloody Cult Says Crime Will Continue

LAFAYETTE, La., April 3.—Clémentine Barnhart, confessed slayer of more than half the thirty-five negro victims of the "culticide" here, in Louisiana and Texas, warned the officers that the killings would continue as long as members of her "church" kept faith in their "candle" bars, which are supposed to guard them from "persecution." Members of the cult claim a person "sacrificed" by the axe gains immortality thereby. She refused to tell the names of other cult members. "I believe her confession is rational and I am certain details given to confuse the officers as to her accomplices," said the sheriff.

SOCIALISTS ARE OUSTED IN CITY OF MILWAUKEE

EMIL SEIDEL, Defeated Socialist Candidate.

Emil Seidel Defeated by Dr. Bading; Non-Partisans Victorious

MILWAUKEE, April 3.—Complete returns from yesterday's municipal election show that the Socialist administration has been ousted by an overwhelming majority. Emil Seidel, Socialist mayor, was defeated by Dr. G. A. Bading, non-partisan candidate, by a majority of 13,000.
Of the 33 aldermen elected 26 were non-partisan and seven were Socialists. With four Socialist holdover aldermen, the new city council will be composed of 26 non-partisan and 13 Socialist aldermen.
From the head of the ticket, down through the common council and county board of supervisors, the voters piled up equally large totals for candidates on the non-partisan ticket.
CLARKE CLOSE BEHIND WILSON.
Incomplete returns from yesterday's presidential preference primary in Wisconsin received today show that Clarke ran close behind Wilson on the Democratic ticket. La Follette took every district in the State from Taft on the Republican ticket by a vote of 3 to 1, but the President's support in early districts surprised La Follette managers.
The second district went for Clarke and portions of other districts gave him a heavy vote so that at least five delegates out of the total 28 from Wisconsin to the Democratic national convention are conceded to the speaker.

SOCIALIST ELECTED

FORT SMITH, Ark., April 3.—Peter Stewart, Socialist, was elected mayor of Hartford over a Democrat and an Independent.

MISSOURI ELECTIONS

Tube Skirt Cause of Big Loss in Cotton

WASHINGTON, April 3.—Twelve yards of cotton goods for every woman who followed the edicts of fashion, is the price the cotton interests of the world have paid for the "tube" skirt and its accompanying lack of undergarments, according to George W. Neville, president of the New York Cotton Exchange, who addressed the American Cotton Manufacturers' Association today. Neville was appalled when he announced that the moulders of feminine fashions now have decreed that the ladies shall wear more yards of cloth in their garments.

WAR PLANS UNDER WAY

Taft Orders Fleet to Stay at Home; May Be Sent to Mexico
Rebels Credited With Successes Around Jimenez; Situation Grows More Grave

WASHINGTON, April 3.—That President Taft's stay at home program, approved for the Atlantic fleet, has to do with the situation in Mexico, was stated in official circles here today. There will be no world cruises and the warships will go no further away from the home base than Cuba.
President Taft's program provides for the docking of all vessels in the home yards, the conclusion of the target practice off the Chesapeake Capes April 15. This will insure a strong naval force being ready to sail for the Mexican coast at an hour's notice.
General exercises will be held by the Army at Fort Mifflin, Pa., July 1. August 26 for September 15 this fleet will be in Hampton Roads, and on the southern drill grounds to carry out elementary practice, but they will be again in Rhode Island waters for exercises and torpedo practice from September 15 to October 14. There will follow a period for docking at the home yards from October 15 to November 1. Steam trials and experiment at practice from November 1 to November 15, and divisional cruising from November 15 to December 15. Then the vessels will scatter to their home yards for the Christmas holidays, and the sailors will have leave.

WIRE ARE DOWN

EL PASO, Tex., April 3.—Wires were down this morning and the usual communication with Chihuahua and Jimenez was not available. The statement that a bridge was blown up five miles south of the city proved to be a hoax. The regular train from the south arrived on time. What caused the heavy detonations heard last night remained a mystery.
Major C. E. Kelly succeeded in getting a telegram over the Mexico Northwest line to General Pascual Orozco, protesting against the arrest of Powell Roberts and his secret removal from the Juarez jail to Chihuahua yesterday. Major Kelly and who knew Roberts, until recently a person of police in El Paso, declare the charge that he was in a raid on the home of General Cisneros in which 4500 was taken, is false. The time of the raid when the police were searching for arms and ammunition Cisneros was in the city, and if money being missing. Furthermore it is stated that Roberts was not a member of the searching party.

REBELS VICTORIOUS

WASHINGTON, April 3.—Mexican rebels are credited in official State Department reports today with all successes near Jimenez last week, although the federal forces under General Rojas were said to have pursued the insurgents severely before retreating. Rojas' force was far outnumbered and without a base of supplies.

VERA CRUZ QUIET

WASHINGTON, April 3.—A telegram received today from Sanchez Arce, secretary to President Madero, says: "Vera Cruz completely tranquil. News of disorders there is untrue. Tor-

Letter S Crooked More Ways Than One

Jurist Discovers Names of 60 Per Cent Accused Felons Begin With It.

LOS ANGELES, April 3.—Superior Judge McCormick has begun to analyze the discovery of his clerk, J. A. Noel, that the sur-names of 60 per cent of those charged with felony in that court begin with the letter S. Conceding that it is the crookedest letter in the alphabet the judge concluded that the analysis of the letters to crime might be found in the fact that it is in Latin, so-called, shame, scandal and suffering. Then it occurred to the judge that Satan also came in the same category.
Judge McCormick finally decided that it would be a capital idea to legislate the letter S out of the alphabet.

HEROIC WOMEN TO BE REWARDED

Friends of Kansans Would Obtain Carnegie Medals for Them.

TOPEKA, Kan., April 3.—Because of heroism displayed by Mary Broughton, aged 14, of Hamilton county, and Mrs. Nora Munday of Gray county in saving lives in Western Kansas during recent snowstorms, friends of the two have started a movement to obtain for them Carnegie hero medals.

While rounding up cattle before a blizzard, Mary Broughton's father was attacked by a vicious steer. He was thrown from his horse and the animal was about to gore him, when the girl mounted upon a cow and drove the steer away. A few days later a rural mail carrier became lost in a storm. Mary Broughton found him, dug him out of a drift and saved him from freezing.

Mrs. Nora Munday, wife of E. P. Munday, who lives near Cimarron, Kan., when her husband failed to reach home after a heavy snowstorm, March 14, started in search of him. For miles over the prairie she followed an almost obliterated trail, and found her husband in a deserted field, almost frozen. Both Mrs. Munday's hands and both her feet were frozen.

TONG TROUBLE SHIFTS TO REDWOOD CITY

REDWOOD CITY, April 3.—Sheriff Moran about to lead the county jail this morning with Kong Tuen and Jim Lee, the two highlanders who were arrested at Menlo park last Thursday night, when he espied two young Chinese hiding in the tall grass close to the lockup. He hurried his prisoners back to the jail and then went after the other fellows.

After firing several shots at them he compelled them to surrender. They were found to be heavily armed, and gave their names as Ah Te and Ah Suey. They will be prosecuted on a charge of carrying concealed weapons.

Kong Tuen and Jim Lee, the two Chinese who were arrested at Menlo park on Thursday last, were about to make an attack on a Chinese store at that place when they were arrested by Constable Walsh after an exciting chase.

Prescription That Soon Knocks Rheumatism

The only logical treatment for rheumatism is through the blood. The poisons that settle in muscles, joints and back, causing severe pain, must be dissolved and expelled from the system. There can be no relief. This prescription from a noted doctor is said to be working wonders all over the country. Hundreds of the most cases were cured by it here last winter. "From your druggist get one ounce of Toris compound (in original sealed package) and one ounce of syrup of Sarsaparilla compound. Take three two ingredients home and put them into a half pint of good whiskey. Shake the bottle and take a tablespoonful before each meal and at bedtime." Results come the first day. If your druggist does not have Toris compound in stock he will get it in a few hours from his wholesale house. Don't be influenced to take some patent medicine instead of the Toris compound. The genuine Toris compound in the original, one ounce sealed, yellow package.

SHRINER CIRCUS CLOWNS BURLESQUE THE RECALL

Berkeley Situation and Officials Taken Off by Funmakers

Superintendent of Schools Frank Bunker, Mayor J. Stitt Wilson and other officials, together with the general recall situation in Berkeley, were the subject of caricature by the clowns at the Berkeley night of the Shriner circus last night. A large delegation of Berkeley Shriners and their guests waited the clowns at the entrance of Lake Merritt and the big tent was crowded.

A special program of clowning and merrymaking was prepared by Albert Poulson and R. D. MacKenzie, the visitors from the college city. Free speech, the recall and woman's suffrage were made the subject of mock addresses by the clowns, who parodied the manner of the Berkeley mayor and of others in the political fight being waged over the recall in Berkeley. The burlesques were handled in clever style and won storms of applause from the big crowd. Tonight will be the second night at the Shriner circus, while Thursday night has been set aside for the visit of a delegation of about 1000 Shriners from Islam temple of San Francisco.

LOSES HER VOICE.
As a result of her anxiety and fear for the life of her husband following an attack upon him by the disgruntled bear at the performance of the first night of the circus in Oakland, Madame Ricardo lost the use of her voice yesterday and was placed under the care of physicians. Madame Ricardo was known as "the

singing girl in the tigers' den," as she presented an act in which she posed ten tigers around her while she sang several French songs.

The discovery that her vocal cords had been affected by the nervous strain through which Madame Ricardo had passed was made yesterday afternoon when she attempted to sing in the cage with her tigers. She could not utter a sound and later her speech became paralyzed. The trouble has been investigated by physicians, who declare that Madame Ricardo will recover her voice within a few days.

BORNE TO GROUND.

When the bear bore Ricardo to the ground he quickly covered his head with his arms and his legs. Ricardo was so frightened that he begged the attack who realized the danger of it. Attendants quickly subdued the bear and Ricardo escaped serious injury. The shock to his wife was great, but did not become manifest until yesterday afternoon.

Ricardo and his wife only recently joined the circus. They are both well known in circus circles for their authority over wild animals.

Mrs. Ricardo was treated at an emergency hospital on the circus grounds. Aside from the loss of her voice she seems to be in good health.

PROTESTS WASTE OF WATER SUPPLY

Correspondent Declares People of Oakland Should Be More Saving.

EDITOR TRIBUNE: More water is wasted every day in Oakland than is necessary for all household purposes. And the people have to pay for the water they waste. I never take up a cup or glassful of water at the faucet without turning off the water before I drink. If I allow the water to drip from the faucet in the toilet and bathtub, there would be a waste of many gallons in twenty-four hours.

A merchant on Washington street the other day demurred to the bill presented by the water rate collector; that it was much larger than that of the month before. The collector suggested that the merchant did not think so. The collector took him to the toilet-room and showed him a rapid leakage there in progress.

"And it is so all over town," said the collector. "More people cannot understand why their bills are sometimes larger than at others. The meters are all right. It is the unnecessary waste by leakages and careless use of the faucets."

Water is a precious fluid, but we have it in such abundance and so convenient at hand that we lose sight of its inestimable value.

Suppose we should be so unfortunate as to have three or four dry years in succession, with not enough rainfall to fill the reservoirs, with not enough water in the mains to supply all the demands? We could not rely upon wells, for they, too, would be dry after such a long drought. Picture the entire population of a city suffering from thirst, living like an immense caravan to another town to obtain water to quench their thirst! Could such a horrible supposition become a fact?

Be saving your water and you will be saving your money.

W. S. HARLOW,
1198 Adeline Street.

MINER DUPED BY "TIN BOX TRICK"

Swindlers Gain \$800 by Old Method of Switching Receipts.

SAN FRANCISCO, April 3.—The old tin box trick was successfully worked on Jose Pachon, a miner from Alaska, who was induced to part with \$800 by this method last night. Pachon met an Italian on the Barbary Coast, who told him that he knew of a ranch in the country that could be purchased reasonably. Last night he introduced him to a second man, who posed as a real estate broker, and agreed to furnish another \$500 for the purchase of the property.

The \$1600 was put in a tin box and Pachon, who had drawn his own money from the bank at the solicitation of the pair, was given the receipt for it. All three went to meet again today. When the miner opened his box this morning he found it contained only a brick.

JURORS AND JUDGE MAKE TOUR IN AUTO

Twelve jurors in Judge Harris' court accompanied by Superior Judge Mohan of Sutter county, spent several hours late yesterday automobiling in Claremont, their object being to inspect property which the Oakland and Antioch Railway Company is seeking to condemn for the right of way. The defendant being Mary A. MacDonald. She refused the price offered and the company took the matter into the courts. Maps were shown the jurors, but the court thought they should view the land in person, and as street cars did not go within several blocks of the place, automobiles were suggested.

BURIAL OF MAINE SHOWN IN FILMS

Oakland Photo Theater to Show Great Feature Picture.

The famous old battleship Maine, which was blown up and sunk in Havana harbor in 1898 just before the Spanish-American war, with a loss of 260 lives, was today featured in an exhibition of \$500,000 to the American government, with great ceremony, towed out to sea on March 16 and buried in 600 fathoms of water, four miles off the coast of Cuba. The occasion was one of the most solemn and impressive in the history of the navy.

Nearly 100,000 persons thronged the water front to witness the departure of the famous old ship, and all respectfully uncovered as it passed. The North Carolina and Birmingham followed the Maine and after reaching a point four miles from the shore, the procession came to a halt. The sailors from the Maine were then lowered into the water in the hull, while the men on the deck, millions of flowers with which she had been adorned, floated on the surface. The bodies were placed on board the North Carolina and taken to Washington for burial at Arlington cemetery.

The management of the Oakland theater has gone to great expense in securing this special feature film and will be shown at the Oakland Photo Theater, Thursday, Friday and Saturday, April 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, May 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, June Colonel Roosevelt continues to say he became a candidate because the people called him. But he also said he would not be a candidate. One statement is as worthy of belief as the other.

Just think how much prettier Lt. Cavalleri would be if she had all of P. Morgan's money.

ATTACKS ROOSEVELT AND JUDICIAL RECALL

URBANA, Ill., April 2.—President James of the University of Illinois, in an address yesterday, attacked Roosevelt for his doctrine of recall of Judges and judicial decisions. He said in part:

"Anything that makes Judges amenable to the gusts of popular passion is a blow at the higher interests of the common man. Such a proposition as Roosevelt makes, carried through to its legitimate consequences, would lead the republic back to the wild orgies of the Athenian and Roman democracy in which justice was rendered by a mob vote without any wisdom and without any justice."

"Taft stands for an effective check on the action of the members of Congress and the legislatures, which the reasonable application of the law and the referendum will live without sacrificing any of the good."

GRAY HAIRS QUICKLY BANISHED; DANDRUFF, FALLING HAIR STOPPED

Remedy Made from Garden Sage and Sulphur Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however handsome it may be, makes a person look old. We all know the advantage of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the hands of time to take away the account of gray hairs when a simple remedy will give your hair youthful color and beauty in a few days' time? Most people know that common

EXPLORER BRINGS NEWS FROM NORTH

Joseph Jacquot Says Stefan-son and Alexander Have Been Given Up.

TACOMA, Wash., April 3.—A Dawson cable says Explorer Joseph Jacquot has arrived there after 14 years' continuous residence in the lower MacKenzie river country, bordering the Arctic ocean. Accompanied by Albert Ross, an Indian boy, he came from Fort MacPherson, the second time in 13 and one-half days with six dogs. They traveled nine hours daily, equipped only with three blankets, some flour and bacon.

They killed five rabbits, gave most of the flour to the Indians, and carried neither tent nor stove. The trip was one of the most remarkable winter journeys ever made within the Arctic circle. During the week previous to arriving at Tacoma, Jacquot traveled 150 miles to Esquimaux lake and return to get his wife, whom he left with friends at Arctic River about 20 prospectors and trappers are living in the MacKenzie wilderness, several accompanied by their wives. Jacquot is a Frenchman, is at Harry Bones, an Englishman, is at Esquimaux lake gathering birds for a London society. No recent word has been received at Fort MacPherson from Explorers Stefan-son and Alexander. It is believed they are lost. Stefan-son wrote a letter in December, 1910, which was passed along from Esquimaux to Esquimaux. Stefan-son is given up, being unheard from for more than a year.

BOYS WAYLAY FATHER AND BLOW OFF HEAD

LOS ANGELES, April 2.—Because their father, George Yanes, whipped them and was angry with them when they came to the city from the family home near Compton to see their sister, Frank Yanes, aged 15 years, and Roy, aged 17, deliberately plotted his death for three days and killed him yesterday in cold blood.

The elder had procured a shotgun and shot him when they were coming to the city. The father was killed by a blow from the top of his head with a heavy charge of buckshot.

The father had been told by a neighbor, a plausible story of a man who had been quarreling with their father, even giving a description, and themselves participated in the search for the father. They appeared so little affected that officers became suspicious and questioned them closely and they finally told the whole sordid story. They are in the county jail. The younger boy is sorry, he says, but the elder doesn't appear to care.

SACRAMENTO, April 2.—"Owing to the fact that opinions of district attorneys throughout the state differed regarding the rights of women, under the constitution, to serve as trial jurors, the state board of education, among the district attorneys to pass the question up to the Attorney General for an opinion."

"This has been done," said District Attorney Whitworth today. "Whitworth is president of the District Attorneys' Association."

WRITES OBJECTION TO NEW YORK SUN

A. A. Denison Protests Against Effort to Swallow Oakland.

Oakland's objection to the so-called "Greater San Francisco" movement is the subject of a letter printed in the New York Evening Sun, under date of March 27, a copy of which has just been received by the Chamber of Commerce. A. A. Denison, secretary of the Chamber, is the author, the letter having been sent to him by a personal friend, a member of the Sun staff, and by him printed in the paper.

The letter printed is as follows:

OAKLAND DOESN'T WANT TO BE SWALLOWED.
To the Editor of The Evening Sun:—Every now and then we read in your far-reaching journal some reference to the "Greater San Francisco" movement in making assertions about the prosperity of the State in connection with the Panama Exposition to be held in San Francisco in 1915, but the modesty of claim or assertion is usually attributed to some San Franciscan. Now I do not begrudge San Francisco any favor it may find in the eyes of outsiders but in view of the remarkable growth of Oakland, its sister city across the bay, I must tell you that the "Greater San Francisco" movement is a "pull off a big advertising stunt," namely, the movement for a "Greater San Francisco."

One of the representatives of a big railroad corporation was in Oakland the other day, and after taking an automobile ride through the east side of the city, he made the unqualified statement that Oakland is growing today more rapidly than Los Angeles.

Now this may suggest to you why San Francisco is anxious to take us in. There is an agitation on for a "Greater San Francisco" to extend from Richmond and San Rafael on the north to Alameda and Redwood City on the south, creating a city 23 miles from circumference to circumference embracing cattle ranges, hunting preserves, orchards and truck gardens.

Already there are 250,000 persons in the seven incorporated cities on the east shore of San Francisco bay and their immediate environs. Because we need to control our local affairs and direct our local development, we are opposed to any federation, amalgamation or annexation with San Francisco.

It is sometimes asserted that there is a marriage between the cities of Oakland and San Francisco and those which formerly existed between New York and Brooklyn, but we fail to see it.

San Francisco is a city of 200,000 people, seven miles of water and rail transportation which interposes a natural barrier and would prevent the necessary if we had a single municipal government.

We are expecting a great impetus on the part of the city of San Francisco, but we don't need to be "taken in" by San Francisco to get our share of the benefits.

Oakland, Cal., March 19. A. A. DENISON.

MRS. HUMPHREY CALLED BY DEATH

Army Surgeon's Widow Passes Away at Home in Oakland.

Succumbing to a complication of diseases and weakened by the infirmities incident to advancing years, Mrs. Etta Humphrey, widow of the late Dr. F. H. Humphrey, died at her home at 5721 Shafter street, San Francisco, yesterday afternoon. Mrs. Humphrey will be buried next Thursday afternoon in the officers plot at the Presidio, the first widow of an officer to be interred in that burying ground. Her husband, who died in 1911 in San Francisco and who was head surgeon of the Forty-eighth New York regiment, was recommended to the Fifty-eighth New York regiment, is laid to rest in the Presidio plot.

Born in Boston, Massachusetts, March 27, 1838, Mrs. Humphrey came to California in 1876 and that year married Dr. Humphrey. She was a physician in San Francisco, occupied several important positions in the field of medicine. For eight years he was head quarantine officer of the transbay city and for twelve years was on the Board of Health.

Mrs. Humphrey was survived by one daughter, Miss Etta Humphrey.

W. F. Herrin, W. B. Sproule, Frank G. Drum, J. A. Chandler, M. H. Whitaker, R. P. Sherman, A. D. McDonald, J. C. Kirkpatrick, Frank N. Buck and Rudolph Herold.

W. F. Herrin was re-elected president; W. B. Porter, vice-president and general manager, and Miss Grace Sheridan, secretary.

The net annual earnings of the company were announced as being nearly \$2,000,000 with a net gain for the surplus of \$1,766,248. The assets of the company include approximately 1,500,000 barrels of oil now in storage. No dividend was declared.

POUNDMAN TO USE ALL DOG BUT BARK

OROVILLE, April 2.—John Rish, who has been chosen "poundmaster" to succeed the colored wonder, Allen Cannon, has mapped out a plan which he believes will make his bark roll much faster before the year rolls around.

First, he gets 50 cents a dog from the city, next he intends to skin the animals and sell the hides for leather. The meat he will crush and the oil extracted he will sell. He declares that this has been found a genuine cure for consumption, and that there is a lot of profit in it. The flesh is to be used to feed his chickens and the bones will be crushed for fertilizer. He says he will use all the dog but the bark.

ELKS TO WEAR CAP AND GOWN AT CONVENTION

DR. HUBERT N. ROWELL

Cap and gown will be the official uniform of the Elks from Oakland, Alameda and Berkeley, who go to the big convention of the order at Portland in July. The members of the local lodge will wear the scholar's regalia as symbolical of the big seat of learning on the east side of the bay, and the colors of the local delegation will be blue and gold. The Elks, in cap and gown will march in the big parade, one of the features of the convention.

Several carloads of California products, particularly of this county, will be taken north with the Elks, and will be on exhibition during the convention.

All the preliminaries have been arranged, and Dr. Hubert N. Rowell, Exalted Ruler of Berkeley lodge of Elks, who has just returned from Portland, reports that ample accommodations have been secured for delegates from Oakland, Berkeley and Alameda. In addition to private rooms for members, there will be a reception room and a ballroom, in which the products of Alameda county will be exhibited.

"In my opinion there will be no better place for advertising California and its advantages than at the grand reunion of the Elks," said Dr. Rowell. "Portland is getting ready to give visitors the time of their lives. Portland lodge of Elks has raised a fund of \$25,000, and all the commercial organizations, including the Chamber of Commerce, have provided munificently for entertainment. The city, it is promised, will be decorated as never before. The lowest estimate of the visitors during the grand convention is 50,000, and it may exceed that number. Thousands of sweet pea seeds are being distributed to people all over the city, and it is proposed to decorate all the buildings with purple and white sweet peas, the Elks' colors, during the convention."

CRITICISE PUPILS WHO OVERDRESS

Ohio Educator Declares Evils Arise From Tendency to Frill.

WASHINGTON, April 2.—The tendency of older high school pupils to overdress is attacked by the bureau of education in a circular written by Dayton, Ohio. It is pointed out that the evils arising from overdressing are two-fold, the more serious being the tendency of children of poor families to leave school because they are unable to dress like more favored schoolmates.

It is also emphasized that just as older pupils attempt to imitate their elders in dress, younger ones endeavor to appear more mature than they are, the result being that many are led into indiscretions that rob them of an important part of childhood.

CALEXICO, Cal., April 3.—Because of a successful experiment, the Delta Farm Company, which has headquarters in San Francisco will plant broom corn in Mexico, to be grown on the border and 1000 acres across the border. To Remove Ferment Germs from Fruit Jars

If fruit has once spoiled in a jar, the same thing will happen again unless the jar has been thoroughly cleansed and sterilized. It is not enough to merely wash the jars; they should be boiled. To make sure that they are in good condition, put them in a pan of cold water in which has been dissolved a tablespoon of Gold Dust washing powder; let come to a boil. The tops, also, should be immersed in boiling water, and old rubbers should never be used. After filling can, shake and screw top on carefully to avoid airholes.

RABIES CAUSE OF MAN'S DEATH

Inquest Brings to Light First Case of Hydrophobia in San Francisco.

SAN FRANCISCO, April 3.—At the inquest into the death of Frank Anderson of 214 Isabelle street, who died at the German Hospital on March 9, the coroner's jury yesterday, after finding that he had died from hydrophobia, made this statement in its verdict:

"This being the first victim of hydrophobia in this city, there are extenuating circumstances, in the absence of proper medical treatment by the doctors of the German Hospital. That deceased was ridiculed when he reported the case, there is no doubt, but that the doctor did it to allay his fears has been shown by the evidence. That there is rabies here has been proven by the testimony of Dr. Broderick, health officer, and Dr. Kellogg, director of the laboratories for the board of health, and we wish at this time to commend them for the very effective measures adopted to check and stamp out this disease."

The verdict concluded with a recommendation that the dog-muzzling law be strictly enforced.

Anderson was bitten by a pet terrier while reading some five weeks previous to his death.

ENGINEERS FAVOR STRIKE IN VOTE

Balloting Proceeds Rapidly; Further Conferences Are Suspended.

NEW YORK, April 3.—Officials of the Brotherhood of Locomotive Engineers announced today that the balloting of the engineers of the fifty eastern railroads to determine whether the engineers will strike if necessary to support their demands for increased wages, is proceeding rapidly and that the ballots received so far indicate that the men are in favor of a strike.

The wage demands already have been refused and further conferences with the heads of the railroads were suspended until the engineers' committee could take a strike vote which will be announced April 10. The ballots sent to the engineers read in part:

"The prestige of the organization is at stake. Are you willing to support those entrusted with the carrying out the plans of concerted action to the extent of your funds? If in their judgment it is necessary?"

SAN DIEGO POLICE USE CLUBS ON I. W. W. RIOTERS

SAN DIEGO, April 2.—The police quelled a riot on Fourth street by a vigorous use of clubs last night. The trouble began when a score of Industrial Workers of the World strikers attacked Patrolman Landford. Several sailors of the cruiser Maryland, in port here, went to his rescue, but he was terribly beaten before they could tear his assailants away from him.

When came a fight between a crowd of Industrial Workers of the World on one side and policemen, sailors and citizens on the other. The former were finally driven up Fourth street, but at the Plaza they made another stand and the fighting was renewed. As the police reinforcements appeared and dispersed the crowd.

HAIR HEALTH

If You Have Scalp or Hair Trouble, Take Advantage of This Offer.

We could not afford to so strongly endorse Rexall "93" Hair Tonic and continue to sell it as we do, if it were not certain that it would do all we claim it will. Should our enthusiasm carry us away, and Rexall "93" Hair Tonic not give entire satisfaction to the users, they would lose faith in us and our statements and in consequence our business prestige would suffer.

Therefore, when we assure you that if your hair is beginning to unhealthily fall out or if you have any scalp trouble, Rexall "93" Hair Tonic will promptly eradicate dandruff, stimulate hair growth and prevent premature baldness, you may rest assured that we know what we are talking about.

Out of one hundred test cases Rexall "93" Hair Tonic gave entire satisfaction in ninety-three cases. It has been proved that it will grow hair even on bald heads, when, of course, the baldness had not existed for so long a time that the follicles, which are the roots of the hair, had not become absolutely lifeless.

Rexall "93" Hair Tonic is vastly different from other similar preparations. We believe that it will do more than any other human agency toward restoring the hair growth and hair health. It is not greasy, and will not turn the scalp or hair, or cause permanent stain. It is as pleasant to use as pure cologne water.

Our faith in Rexall "93" Hair Tonic is so strong that we ask you to try it on our positive guarantee that your money will be cheerfully refunded without question or quibble if it does not do as we claim. Certainly we can offer no stronger argument. It comes in two sizes, price 50 cents and \$1.00. Remember you can obtain it only at The Owl Drug Company, stores in Oakland, San Francisco, Los Angeles, Sacramento, Portland, Seattle, Spokane.

SUFFRAGIST SAILS HOME WITH GOIN

Sylvia Pankhurst Returns to England; Lecturing Tour Brings Thousands.

NEW YORK, April 3. — Miss Sylvia Pankhurst, daughter of the famous suffragist, who has been in an English prison for throwing bricks through shop windows for the suffragette cause, sailed for home this morning on the Mauretania. Miss Pankhurst, who has been on a lecture tour in the eastern states and Canada since January 11 last, held a midnight reception in her stateroom, surrounded by a number of suffragettes, all wearing yellow sashes and all carrying satchels full of suffragette literature, which they distributed to the passengers.

Miss Pankhurst is taking several thousand dollars back to England, which she is devoting to the suffragette work in London.

John J. Parsons, who has been on trial in the supreme court in the United States district court for the past six or seven weeks, and in whose case the jury failed to agree, after being out over 24 hours Saturday night, was also a passenger on the Mauretania. He was accompanied by his wife. He is going to Paris on business, and will return early in May.

He is now lodged in the county jail because he strangled Edward Richards, an employee on the ranch of J. W. Thompson in Thermalito, with a board, and then dragged him twenty feet into a clump of bushes, where he lay half-conscious for some time.

The two men met at Elko, Nev., and beat their way to this city. Richards immediately procured work, but Kerstein refused to take a job, and went to the Thompson home and told Richards to quit his job. Richards refused and the attack followed.

Last Sunday the jewelry manufacturer attended church. No person welcomed him, nor was he offered a book used in the service. He did not donate the \$100.

DIVORCE RULING FAVORS WOMAN

Justice Burnett Reverses the Lower Court and Grants Interlocutory Decree.

SACRAMENTO, April 3.—An interesting statement of the law in divorce cases is contained in a decision by Justice Burnett of the third district appellate court handed down today with the concurrence of Presiding Justice Chipman and Justice Hart. The case is one from Sonoma county in which the superior court of that county grants an interlocutory decree of divorce to Mrs. Anna Nelson, on the strength of her cross complaint in a suit for divorce originally started by her husband, James I. Nelson, who appeals the case.

The decision of the lower court is reversed. "It would, of course, be unreasonable to hold that any infliction of grievous bodily injury or mental suffering should constitute sufficient ground for divorce," says Justice Burnett in his opinion. "Such injury might result from the inadvertent or justifiable conduct of the other party to the marital relation. The law does not, manifestly, contemplate such a contingency, but properly demands that the defendant be held to account."

The appellant, in taking the case to the higher court, said it was not shown that his conduct was in any way wrongful. Her cross complaint alleged attacks on her by her husband, having been choked and struck, having been abused with vile language, etc.

SIX MEN TO STALK OUTLAW AT ABERDEEN

ABERDEEN, Wash., April 3. — Provisioned for a stay of at least a month, six personal friends of Deputy Sheriff Colin McKenzie and Deputy Sheriff A. V. Elmer, murdered just twenty-five days ago, supposedly by John Brown, the slayer of John and Will Bauer last autumn, left yesterday for the head waters of the Wynoochee and Satsop rivers. The men will conduct a still hunt, much as they would stalk game, and this is hardly a new venture for them, who are not thoroughly familiar with Tomorrow's way of fighting.

Sheriff Ed Payette has not made the names of the posse public, believing that Tomorrow has sources of receiving information from the outside. The men are not special officers or deputies, but go with the sanction of the Sheriff. The Sheriff expresses a conviction that the posse, should it meet with Tomorrow, will not return with as many men as it had when it left for the woods.

FOUR-YEAR-OLD BOY CREATES SENSATION

LOS ANGELES, April 3. — Glad in a full tan suit of the latest English form, showing out and with his sturdy little legs encased in long trousers, Harry, the four-year-old son of Mr. and Mrs. Raff Miles of San Francisco, created a sensation at the Alexandria Hotel and on the street while taking his afternoon walk.

Unaccompanied and swinging an eighteen-inch bamboo cane jauntily, the youngster's appearance brought forth admiring glances from the men and a chorus of "He's too cute for anything" from the women. And he liked the stir he was causing. He and his father are partial to the long trousers, but his mother thinks her baby should be dressed like other little ones.

He is anxious to begin the term as soon as possible. He says his defense has cost him \$65,000.

BALLOON DISAPPEARS; IS CAUSE OF ANXIETY

DRESDEN, Saxony, April 3. — Great anxiety was caused here by the disappearance for three days of the large spherical balloon, "Count Zeppelin," which made an ascent on March 31, carrying in the basket three Danish officers, who were training for the elimination contests on April 25, in connection with the International balloon cup race. The balloon, however, descended this morning, after being driven first to the North Sea and then to the Baltic at Stralund, Pomerania. The "Count Zeppelin," which is to take part in the International race, has a gas capacity of 77,696 cubic feet.

Walder, its managing editor, after it was explained that an editorial complained of was not intended to be published before the case had gone to the jury. The editorial related to the alleged insolvency of the defense in a pending case.

DO YOUR TEETH HURT?

It's Your Own Fault if You
Patronize an Un-
skilled Man.

After skillful dental work is done on your teeth you should have such comfort that you forget them entirely. You're to blame if you patronize an unskilled dentist and get poor work.

Twenty years of study and experience gives me the right to say the above. I gladly refer you to anyone that I have done work for during the last five years in Oakland.

Better have your teeth attended to at once—it's painless—and besides the sooner you have them attended to the better it is.

You'll find my charges for the best kind of dental work are extremely reasonable.

RETURNS GOOD FOR EVIL; SORRY NOW

San Francisco Jeweler Is Vic-
timized for the Second
Time.

SAN FRANCISCO, April 3.—Within twenty-four hours after he had returned good for evil, a jeweler of 1150 Market street, was again victimized, at an early hour this morning. Two months ago Lossman was in his store at 7:30 in the evening when George S. Briggs entered, seized, a handful of rings and fled. The jeweler pursued him, there were several shots fired and Briggs was arrested. It being his first offense, efforts were made to have him released on probation and yesterday Lossman consented, taking the witness stand in Judge Lawlor's court.

At 1:30 this morning Policeman Kracke discovered that Lossman's window had been broken and that the greater part of the contents taken Lossman looked up his most precious jewels, gold and silverware in the safe at night and the robber obtained only some nickel watches and other trinkets. The jeweler, however, to be less lenient with the present offender in case he is captured.

Musicians from the entire bay region are promised a rare treat and it is expected that the Greek Theatre will be packed to its capacity.

SAN FRANCISCO, April 3.—Marie Martin, an entertainer, was taken into custody by the Barbary Coast squad at an early hour this morning on a charge of grand larceny on complaint of W. V. O'Rourke of 25 Geary street. O'Rourke and the woman had been visiting a resort in the cafe when it is claimed the woman took a \$75 steelpin from him.

WOMAN, AUTHOR OF 'THE TOAD'

Mrs. Perry Newberry Writes
Mysterious Play for Car-
mel Production.

CARMEL-BY-THE-SEA, April 3.—“The Toad,” written for production at the Forest theater for the fourth of July festival, created a great deal of interest while the author remained a mystery. Since the writer has become revealed, the interest and excitement in some quarters has become almost con-
stant.

George Sterling of Oakland, who wrote “The Wine of Wizardry,” consulted with Herbert Heron, author of “Pharaoh” and of “Montezuma,” two plays under consideration for the Fourth of July festival, and they prepared a true bill charging the unknown author of “The Toad” with having 39 separate and distinct steers from “Pharaoh” to say nothing of those from “Montezuma.” A mass meeting was called last Saturday evening and it looked as if the poor, miserable “toad-maker” was going to get all that was coming to him.

Just before the meeting a message of warning was pinned to the bulletin board by the postoffice, which read: “Perry Newberry will defend the author of ‘The Toad.’” In no time the cat was out of the bag and it appeared that the author of “The Toad” was Mrs. Newberry, and not some ambitious unknown and friendless scribbler.

It was too late to call the mass meeting off, and everybody in Carmel attended, excepting, of course, the intellectual, who weren't invited.

The meeting insisted on voting to clear Mrs. Newberry of the charges, and within a few days the council of the Forest theater society will vote on the play to be selected. “The Toad” is considered a safe bet by insiders.

AGED SOMNAMBULIST FALLS FROM WINDOW

NEW YORK, March 16.—Hearing the sound of a crash, coming apparently from the room occupied by her father, on the third floor of an apartment house at No. 497 Franklin avenue, Brooklyn, Mrs. Jas. Murty, upon investigation found her parent on the ground in the yard below. He is David Edmond, 76 years old, a retired bookbinder.

It is believed that he was walking in his sleep and in opening the window tumbled out.

Mrs. Murty notified police headquarters and Edmond was taken to the Swedish hospital, where it is believed that he is suffering from a fracture of the skull and internal injuries. The doctors say he will die.

FIRESTONE TIRE MANAGER IS HERE

R. D. Barr, Newly Appointed
Official, Confers With
Factory Heads.

(By J. A. HOULIHAN)

R. D. Barr, the newly appointed manager of the San Francisco branch of the Firestone Tire and Rubber Co., arrived in San Francisco yesterday to fill the post made vacant by the resignation of C. C. Eichelberger. The latter has made the name “Firestone” one of the best known in the territory through the bay during his regime and his departure is with the regrets of hundreds of his trade acquaintances.

Barr spent the afternoon in conference with H. S. Frost, president of the company, Barney Oldfield, who is acting as a special representative; Howard Holmes and Carl Olson, the last two named being the Oakland distributors of the Firestone tire.

While he has not been on the ground long enough to know conditions the incoming official stated that he was enthusiastic over what he had already seen and was more than pleased with the change which brought him to San Francisco.

PAIGE REPRESENTATIVE IN TOWN.
Pacific coast representative of the Paige Motor Car company of Detroit, Harvey Stearns, arrived in San Francisco a visit of several days' duration. He is making his headquarters with Max T. McKing, manager of the Auto Sales Co., agents in this section for Paige Detroit motor cars. His message on automobile conditions throughout the country is similar to that expressed by other traveling men who are close touch with the automobile situation.

“I have just come through the south,” said Stearns, “and I have found conditions very good. In New Orleans, El Paso and Los Angeles there is a strong demand for cars. We are very well satisfied with the manner in which the Paige cars are going out. We will manufacture about 3500 cars this season, and we are not having any difficulty at all in getting them out. In fact, it appears as though there would be a shortage when the eastern market opens up a little more strongly, as the weather conditions become more favorable.”

DAILY ENLARGES QUARTERS.
F. H. Dalley, Reo and Ames agent, has taken a lease on the store adjoining the one he now occupies, and the morning they will be unloaded. Considerable curiosity and interest awaits their being placed on display.

FRANKLIN OPEN SERVICE BRANCH.
The Franklin automobile Co. of San Francisco, a branch of the Syracuse factory making the well known air cooled car have opened a service department on Telegraph avenue, and the morning they will be unloaded. Considerable curiosity and interest awaits their being placed on display.

As if to further evidence the faith in their product, the Warren Motor Car Co. has placed a life guarantee on the material, parts and equipment of Warren cars, tires only being the exception. The adoption of this policy is announced by Ed Krueger, president of the Matheison Sales Co., representatives of the car. Few makers go to this extreme and those who do are among the best known and leading producers.

SELF-STARTER A SALES PRODUCER.
“The self-starter is certainly a great convenience to anyone who drives a motor car nowadays,” says Wallace C. Hood, sales manager of the Metzger Motor Car company, in a letter to N. E. Canfield, manager of the Disco Pacific company.

“While standing in front of one of Detroit's leading hotels a few days since, I noticed a driver tugging away at his crank, endeavoring to start his engine and there was anything but a smile visible on his countenance.

“A great many people may ask, ‘Is the self-starter a gift, or a selfishness?’ I can conscientiously say that the ‘Disco’ starter, with which Everett models are equipped, is performing wonderfully well. I can say that the self-starter, in fact, we have adopted this particular starter as standard equipment and all our dealers are loud in their praises of this practical, new device.

“Since the adoption of the self-starter, the gasoline motor car is also becoming very popular. It is a fact that the hard work incident to cranking a motor is entirely eliminated.”

MANY USE KELLY-BLOCK TIRES.
With the increase in the number of trucks in use in this State, there is also a noticeable difference in the style of tires used. The Kelly-Block type seems to be the one most in demand. Its features both in wear and serviceability, making it the most popular.

The Kelly-Springfield Tire Co., Chas. S. Flint, agent, manages the original producers of this style of solid tire, practically enjoy a monopoly in the truck line, where safe, sensible and anti-skid devices are wanted.

E. M. F. AS PRISON VAN.
Cheyenne, Wyoming, has been so long regarded as the last stronghold of the old west that it comes as a shock to the average easterner to hear that Cheyenne's police not only pinches those who get gay but will, after April 1, hustle all prisoners to jail in an E-M-F “patrol” van.

Somebody tried to tell the city fathers of Cheyenne that they couldn't buy an E-M-F “patrol” van. They replied that they'd buy a touring car, if necessary, and build the patrol body for it themselves. Nothing else would be considered; nothing else was.

BUY AMERICAN CARS.
Henry May of Decoto is a late purchaser of an American “30.” Mrs. Maria Graff of Berkeley is also a new American owner, her choice being a “20” model.

SOCIALISTS ARE ACTIVE
IN RICHMOND POLITICS.
RICHMOND, April 3.—While no nomination petitions have been filed with Clerk W. T. Helms of the Board of Education, it is probable that J. O. Ford and E. L. Jones, whose terms as members of the board expire on Friday, will have considerable opposition. At least, the Socialists will have a ticket in the field against them while it is possible that other candidates will also appear before April 9 when the nominations for school trustees close. Ford and Jones were both appointed to fill vacant terms. The election occurs May 4.

The Socialists also have a ticket in the field at the coming recall aldermanic election, next Monday, their nominees being for the long term, C. D. Lloyd and Walter N. Younglove, and for the short term, J. W. Barnaman, F. I. Brazil and B. F. Smith.

ACCUSED CAMORRIST
WILL BE EXTRADITED
CHICAGO, April 3.—Giuseppe Macaluso, said to be wanted in Italy in connection with the Camorra outrages, will be ordered extradited on Friday by United States Commissioner Mark A. Fox, according to announcement last night. A life sentence is said to await the prisoner, his trial having taken place while he was a fugitive.

AUTOIST HELD FOR DEATH OF WOMAN

Dr. E. H. Howell Runs Down
Miss Emma Stehlin in
San Francisco.

SAN FRANCISCO, April 3.—Dr. E. H. Howell, one of the most prominent of the younger physicians of the city, and scion of a wealthy local family, ran down and instantly killed Miss Emma Stehlin, while driving his high powered automobile on Golden Gate avenue last night. The surgeon was, up to March 31, one of the staff of the Emergency hospital but resigned because of the press of private practice.

He claims to have been going at a speed less than 15 miles an hour on Golden Gate avenue between Gough and Franklin streets, only a stone's throw from the central Emergency hospital when the accident occurred.

“The woman stepped directly in front of my car,” declared Dr. Howell, “and although I jammed on my brakes and reversed the power, I was unable to stop immediately.”

The woman was dragged for a considerable distance and was then picked up by the physician and hurried to the hospital. When she was placed on the operating table and examined by Dr. Lewis it was found that she was dead.

FAIR IS PLANNED

Exposition of 1915 to Open in
February and Close in
December.

SAN FRANCISCO, April 3.—At a meeting of the board of directors of the Panama-Pacific International Exposition yesterday the phrase “Winter-to-Winter” was adopted to signify the time that the gates of the fair will be open to the world. From the end of the winter of 1914-15 to the beginning of the winter of 1915-16. In other words, the fair will open February 20, 1915, and run until December 4, 1915—the longest period for any exposition in history.

President Moore appointed John Brisson Walker, former owner and editor of the Cosmopolitan Magazine and one of the best known literary men in the country, to be director of exploitation at the coming exposition.

Director Walker has entered into the spirit of his work with enthusiasm and determination to help make the fair one of the greatest annals of the world.

Bane was picked up and taken to the Receiving hospital, where he was treated by Dr. Smith for two lacerations on his forehead.

PRIEST GIVES HINTS TO MARRYING GIRLS

Declares That Woman Cannot Change Man's Habits After Wedding.

BROCKTON, Mass., April 3.—The Rev. William E. Keating, curate at St. Patrick's Catholic church, in a special Lenten sermon, aroused much interest with his views on marriage. Here is some of his advice:

"Women who could marry and don't often are too particular. They start out in life by saying they will marry the man they want or not at all, and usually it is none at all.

"A widow has no right to set her cap for any man until all the young girls have been supplied with husbands. Proceeding by their first experience, they practice their wiles on a man and thereby win a mother's price. A man will have to be most extraordinary to be as good as the first husband.

"It is folly for a woman to think she can change the habits of a man after marriage. Do not exercise less care in selecting a husband than you would in choosing a girl to take charge of your mother's kitchen.

"Do not marry a stingy man. 'Do not marry a spendthrift. 'Do not put too much confidence in the man who says, 'I'd die for you.' You don't want him to die. You want him to live and work."

ONE YEAR OF MARRIED LIFE TO CURE DIVORCE

BOSTON, April 3.—Elimination of the divorce menace from our national life may be achieved if married persons are compelled by law to live together for a full year before trying for a separation is the belief of David Baker, a justice of the Rhode Island superior court.

Judge Baker has just finished hearing testimony in a sensational case, and he said: "One year of married life before divorce. That is the only way to cure the divorce menace. If persons should be compelled by a law to try out married life for a full year. The first year of marriage is the hardest—of adjustment. To rush into court for a divorce is silly and demoralizing."

Milady's Toilet Table

By Miss D'AMILLE

Of all the various means advised for removal of superfluous hairs from face or forearm I have found delicate paste the most effective and satisfactory. Mix a little delicate white cream with water to cover the hairs; apply, and after two or three applications with oil, and the hairs will be gone.

Some cosmetics tend to darken and discolor the skin. Never use these. If you want a true complexion beautifier, instantaneous in effect, yet harmless and lasting, dissolve an original package of mayonaise in a half-pint of witch hazel and rub a little on the face, neck and arms each morning. Mayonaise will not come off or show like powder and keeps the skin soft, fair and youthful looking.

MRS. RICE

Head of Boys' Outing Farm Is Accused of Misuse Funds.

SAN JOSE, April 3.—Mrs. Isabelle C. Merriman and Mrs. J. A. McCarthy, prominent local juvenile court workers, have filed a petition with Judge F. B. Brown, president of the San Francisco Boys' Outing Farm Association, demanding the dismissal of Mrs. Bertha Marguerite Rice, club woman, writer and worker for children, as manager of the outing farm.

The petition charges that Mrs. Rice, who is a sister of Mayor Charles W. Davidson, has collected money for the outing farm, but used no part of it for that work; that she has continuously and knowingly neglected the children under her care at the outing farm; that she has used glaring misstatements in soliciting aid for the work; that "frequent instances of commercial dishonesty on the part of Mrs. Rice" have brought the Outing Farm Association into disrepute and that Mrs. Rice has been inefficient, negligent and inhumane in her conduct of the farm.

The following besides the two women already named, have signed the petition: Mrs. William G. Alexander, Mrs. Hattie Brannham, Mrs. Fred Otis, A. Metzgar, Ethel S. Lowe, Beesle M. Symonds, Catherine E. Bligham and Mrs. E. T. Norton signed an additional note saying they do not believe Mrs. Rice capable of performing the duties of executive officer of the farm.

Letters from Father D. O. Crowley, Mrs. John P. Merrill and Rev. Bradford Leavitt are annexed. They charge that they resigned from the advisory board of the Outing Farm because of the "lax and unsatisfactory business methods of Mrs. Rice, the executive head."

Protects Actress

CHICAGO, April 3.—Miss Myrtle Byrnes, Robert Fitzsimmons' vaudeville partner, is the latest woman to bring the lists of the pugilist-actor into action. And one man yesterday realized it is foolish to try to flirt with a pretty woman without learning first who is her protector.

It all started in the dining room of the Saratoga Hotel. A chance crowd of spectators saw the one-time champion heavyweight pugilist of the world give a few words of advice to a young man. Punctures were interspersed with bits of verbal advice that caused the recipient to flee from the hotel. Later he sent back from long distance for his baggage. He was registered under the name of P. E. Agnew, a traveling salesman.

According to the story "Lanky Bob" told after the latest encounter, Miss Byrnes was eating alone. Agnew entered and seated himself two tables from the actress. He began to talk and started continuous advances. Miss Byrnes finally left the dining-room and appealed to gallant Bob Fitzsimmons.

Saves Girl's Life

LOS ANGELES, April 3.—To save a tiny girl who stumbled to him with terrified cries for protection, Frank Murphy, a small, dark, middle-aged man, saved the life of a child this evening. The animal was about to bear the child to the pavement. In doing so his right hand was torn on the fangs of the brute, grazed with rubber and scratched.

He gripped the dog's throat with his bleeding fingers and the collar with the other hand, and boy and beast rolled over and over on the street. The lad was on top, and the dog was up. Murphy, a small, dark, middle-aged man, saved the life of a child this evening. The animal was about to bear the child to the pavement. In doing so his right hand was torn on the fangs of the brute, grazed with rubber and scratched.

Fights Wildcat

LOS ANGELES, April 3.—Miss Effie Young, a pretty 17-year-old Pomona girl, was a victim of a wildcat fight and excitement, and is getting plenty of both. For ten days she and her mother have been in the mountains near San Antonio canyon, and Miss Young has captured six wildcats and ten foxes, all in steel traps.

Yesterday, when she went to inspect her most distant trap, a mile from camp, she found it gone. She was making a search near a tree when an immense wildcat sprang at her. The animal was caught by only one leg, and probably would have killed Miss Young but for the fact that the chain of the trap caught on a root. The cat barely reached her, but inflicted deep wounds with its claws. Miss Young shot the animal and as she could get the rifle to her shoulder.

To Free Suffragist

LONDON, April 3.—The Home Secretary has directed that Mrs. Emmeline Pankhurst, leader of the militant suffragettes, who was sentenced on March 2 to two months' imprisonment for obstructing, shall be released on April 4.

The remainder of her sentence has been remitted to enable her to prepare her defense in the conspiracy charge.

Mrs. Pankhurst is charged jointly with Mr. and Mrs. Patrick Lawrence with conspiracy and inciting to commit malicious damage to property.

SACRAMENTO, April 3.—Basing his action upon the decision of the Appellate Court in Los Angeles, which held that women were ineligible to appointment as assistant probation officers prior to the enactment of the suffrage amendment to the state constitution, County Auditor J. P. Williams refused yesterday to draw a warrant for the salary of Mrs. J. H. Moore as assistant probation officer for the month of March.

When Mrs. Moore appears to get her monthly salary warrant for \$125 she will find that she has been credited with five days' salary from March 26, the date of her reappointment, to April 1.

BEAUTY OF MIND

By LILLIAN RUSSELL

(Copyright, 1912, Lillian Russell.)

THE eyes and face reflect the inner thoughts and are beautified and illuminated by the workings of the mind.

A proof that mind can endure much more work than the physical body is in the fact that many physical wrecks have the brightest minds. Dwarfs and cripples are often most brilliant wits. And the last spark in life is thought.

The physical body often becomes paralyzed and leaves only the mind to live, for years sometimes. I knew a remarkable case of a brilliant man who lived in Marquette, Mich., who was a perfect illustration of this theory. He was paralyzed in body, blind also, and yet he was a poet and edited a newspaper.

He wrote the libretto of a comic opera which was produced. He was wheeled into the theater to hear plays. When I called upon him in his own rooms he entertained me so charmingly by singing his own opera over to me, assisted by the composer of the music, that I never thought for a moment of his affliction, but thoroughly enjoyed his humor and wonderful brain.

Brains can be trained one way or another by correct education and direction.

All parents owe a duty to their children and should direct their studies and recesses of relaxation as carefully as if every child were intended for something big in the world.

Beauty of culture is the greatest beauty known and is the crux of Prof. Scott's theory.

Develop each brain cell equally and a perfect being will be the result.

Remember: Thoughts and flowers are all the same color to the untrained mind.

Answers to Queries

A READER—Massage with a good skin-food the opposite direction in which the wrinkles run will eradicate them. If you care for the formula for skin food and directions for massage, I shall be glad to send them to you upon receipt of an addressed, stamped envelope.

DOROTHY—You are young to have gray hair. Perhaps it is hereditary. There is nothing that will restore your hair to its natural color unless you use dye, and I do not advise this. If you will send me an addressed, stamped envelope I shall send you a formula for an excellent hair-cream and directions for scalp massage which will keep this hair from getting any grayer.

M. D.—If you will send me an addressed, stamped envelope, I shall be glad to send you a shampoo for oily hair.

H. V. S.—Sweet almond oil is too heavy to use on the face alone, and will cause a growth of hair on the face. I am sending you formulas for skin food, cold cream, astringent lotion, and green soap treatment for blackheads.

MRS. H. K.—I would advise you

to bathe the face in warm water first, which softens it, then open the whiteheads and press out the little white substance. Do this with a fine needle which has been sterilized by dropping it into boiling water. I would not advise you to use cold cream too often, that is, more than once a day. After using the cream and washing the face with hot and cold water alternately, always using the cold water last. This hardens the flesh. If you will send me an addressed, stamped envelope I shall be glad to send you a formula for winter spots and an excellent cold cream.

A. A. C.—In my mind there is always some internal cause for dark circles under the eyes. Sometimes the tendency is hereditary, but dark lines are usually due to some congestion of the veins of the part and are rarely if ever found excepting when the subject is anemic or when the system is being drained as it would be by prolonged study, lack of sleep, or dissipation of any kind. The external treatment is sometimes effective temporarily, but cannot be permanent while the cause exists. Bathe the eyes frequently in cold water, rubbing gently under the eyes with the tips of the fingers. Do not rub so hard as to press the eyeballs. If you will send me an addressed stamped envelope I shall be glad to send you a formula for an eyewash and ex-

ercises for strengthening the eyes. I am sure this will help you.

MRS. J. P.—I would not advise you to eat rich, greasy foods or sweets. This may be the cause for the pimples under the skin or your face. If you will send me an addressed, stamped envelope I shall send you the formula for a skin food and directions for facial massage.

BARBARA.—If you will dampen your hair with a good curling fluid before doing it up it will stay in a curl a couple of days. Write me again, enclosing an addressed, stamped envelope and I shall send you the formula for a curling fluid, also an excellent hair tonic and directions for scalp massage.

B. J.—Deep breathing should be practiced constantly. The first thing in the morning, before dressing, open the window and fill your lungs, breathing through your nostrils with the mouth closed. Never breathe through your mouth. This is excellent for straightening round backs and throwing shoulders into proper place. This is also good for filling out the hollows in the neck. I shall be happy to send you a complete set of deep breathing exercises if you will send me a self-addressed, stamped envelope.

OAKLAND'S BOYS AND GIRLS

MAKES APPEAL FOR COURTESY, IN Q.

H. S. AEGIS

In a forceful editorial which appeared in the April 1 issue of the Oakland High School paper, Harry Creswell, editor-in-chief, asks the boys to act the part of gentlemen.

The comment follows: "Oakland High boys have for a good many years had a splendid reputation for courtesy and general attentiveness to the comfort and welfare of the girls. That 'rep.' follows, we regret to say, is now being jeopardized by some few thoughtless students."

The other afternoon we were going down the lower hall opposite the office. In front of us was a girl with her arm full of books. Just as she was about to turn the corner of room 11 a big "chuck" came tearing around the corner and the girl, scattering her books and papers broadcast and nearly knocking her off her feet. The least he could have done would have been to pick her things up and apologize. Not he, though. Instead, he gave her a look which, if translated into words, would have required some slightly insinuating language, and proceeded without further loss of time to "tear" on his way.

Now, fellows, this may seem unimportant, but in truth, it is exceedingly vital. The spirit of civility and politeness on the part of the boys for the girls of our school has in the past more than anything else given it its own, subtle, insidious atmosphere, and, moreover, has been the means of disintegrating it in the eyes of outsiders from the common run of secondary schools. Therefore, fellows, be as civil to a little more careful in the future, and, most of all, let each one of us see to it that the thankfully few decent fellows—rude not necessarily in the ways we have specifically mentioned—at least act like gentlemen, even if we have to assist them in the process."

POLICE ASKED TO FIND WOMAN

First Wife of George Spierlen Takes Place of Second.

Finds Divorce Had Been Granted Without Service of Papers.

SAN FRANCISCO, April 3.—After 16 years of persistent effort, Mrs. Emma Spierlen, succeeded today in regaining her position as the wife of George Spierlen, a wealthy local contractor, tearing from his side, from a legal standpoint, the woman who has lived with him, believing herself his legal spouse for all of this time.

The story of Mrs. Spierlen's determination to set aside a divorce obtained by her husband in 1896, is one of frequent failures, crowned by a victory this morning in the District Court of Appeals.

Mrs. Spierlen lives at 558 Lyon street, but a stone's throw from where George Spierlen resides at 2386 Fulton street, with his wife, Mrs. Rosa Spierlen. Emma Spierlen was married to the contractor February 18, 1886, and in March, 1896, the husband left here for Fargo, North Dakota, where in July he filed a divorce action. Through default he obtained a decree, November 17, 1896, and at the return of her, while he married Miss Rosa Scott, the daughter of a wealthy San Jose fruit grower.

LEARN OF DIVORCE.

It was not until the following summer that Mrs. Emma Spierlen learned of the divorce and re-marriage, she claiming never to have been served with any papers. She proceeded to work back to Fargo and after much difficulty had the decree of divorce vacated. Returning here she brought suit to annul the marriage of her husband and Miss Scott, but Judge Sturtevant in September, 1900, denied her petition, holding that the North Dakota court had no authority to vacate the decree after one year following its rendition. Some further time elapsed and Mrs. Spierlen then time elapsed and Mrs. Spierlen The decision rendered today reverses Judge Sturtevant's ruling, meaning that Mrs. Emma Spierlen is now the legal wife of George.

Mrs. Odessa Shingler Missing; Mysterious 'Phone Message Received.

Fails to Return Home After a Visit to an Oakland Theater.

BERKELEY, April 3.—Mrs. Odessa Shingler, a young matron who has lived for four years with Mrs. H. S. McCormick of 3015 Benvenue avenue, has been missing from that residence since March 27, and her disappearance was reported to the police today.

Mrs. Shingler had been separated for some time from her husband and three children, who live on a ranch near Los Angeles, and has lived at the McCormick home.

The afternoon of March 27 the young woman went to Oakland, ostensibly to attend a matinee at an Oakland theater. She did not return for dinner and in the evening an unidentified man, whose accent was foreign, telephoned and said she had found employment in San Francisco and would not return.

The McCormicks made a search for her for some days and finally referred the matter this morning to the police. Mrs. Shingler is 28 years of age, of the brunette type and good looking. The McCormicks knew of no male friends she had and are unable to conjecture the identity of the person who telephoned to them.

SEEKS HIS WIFE.

SAN FRANCISCO, April 3.—James McGuire of 2128 Howard street applied to the police today to locate his wife, Mary McGuire, who is missing with a large sum of money. Mrs. McGuire left home on March 25 to go to the Humboldt bank. From that time nothing has been heard from her and it is feared that she may have met with some mishap.

After making a search and inquiring of relatives and friends in nearby cities, McGuire gave the following description to the detectives today: Age 46, weight 200 pounds, medium height, dark brown hair, wears glasses and was attired in a black dress.

PRESIDENT GAVE 1915 FAIR TO WEST

San Francisco Campaign Committee to Use Proof as Document.

SAN FRANCISCO, April 3.—Proof to the effect that President Taft was responsible for giving California the Panama-Pacific Exposition is being obtained by the managers of the publicity bureau, and it is intended to use it as campaign material for the re-election of the executive. It is claimed that but for the President's using his influence in favor of the West, the fair would certainly have gone to New Orleans. It is the intention of the bureau to gather figures to show the benefits that will be conferred upon the state by the fair and the expenditures of enormous sums of money in connection with it.

A letter written by former President William McKinley, dealing with the third term idea, and written June 10, 1901 by the late executive, was sent out today by the bureau.

"I will say now once and for all," said President McKinley in the letter, "expressing a long settled conviction, that I not only am not and will not be a candidate for a third term, but would not accept the nomination for it if it were tendered me."

"My only ambition is to serve through my second term to the acceptance of my countrymen whose generous confidence I so deeply appreciate and with them do my duty in the ranks of private citizenship."

A second man then went through his pockets while a third stood a short distance off acting as lookout. They took his gold watch and chain, a stick pin, the cuff links and a small sum of money.

TOLD WIFE "SHE COULD BEAT IT"

Woman Recites Tale of Marital Troubles in Divorce Hearing.

Anta Hirst sobbed softly on the witness stand this morning when she told Superior Judge K. F. Mahan, sitting in the Extra Sessions, the story of her marital troubles with A. W. Hirst, from whom she was granted an interlocutory decree of divorce.

"One afternoon he sent me and a friend to Ye Liberty theater. He stayed at home, took a bath, shaved and then ransacked the house. After that he wrote a four-page note telling how much he loved me, left it on the bed with \$1.50, and then went away. I have not seen him since."

husband did not mean all that he said in the note. That was last November, and since then Mrs. Hirst has been living with her mother, Mrs. A. Gonzales, in this city.

"Often my husband would come home intoxicated. He would complain that he was sick all the time, but it did not interfere with his drinking. If I would growl at him a little he would tell me if I did not like it to 'beat it'."

He was appointed to the force November 4, 1898, and retired in 1907. During his term of service he was on duty almost entirely at the North End station. He is survived by a wife and two children.

BRUSH IN BLAZE

A brush and hedge fire at the residence of L. J. Davis, 2004 East Twenty-seventh street, called out the local fire department shortly before noon today. The fire was easily controlled and no damage was done beyond a partial destruction of the hedge.

FATHER SEEKS SON.

SAN FRANCISCO, April 3.—An appeal was received by acting Chief of Police Shen asking that T. F. Hettlinger, who is believed to be in the cities about the bay, be located. Hettlinger's aged father is dying and longs to see his son. The communication was sent by Burr Hettlinger, rural delivery, Waiser, Idaho.

DENVER, April 3.—Elias Cohn, a wealthy mining man of Aspen, Colo., died in a local hospital today. Cohn leaves a widow and two daughters.

CAMDEN SWEEP BY VIOLENT STORM

Two Women Fatally Injured and Many Houses Are Unroofed.

Streets Filled With Debris; Telephone Poles Are Blown Down.

PHILADELPHIA, April 3.—Two women were injured fatally, scores of houses were unroofed and more than twenty-five buildings were demolished by a wind storm which passed over that portion of Camden known as Cooper's Point and swept down the Delaware river to the center of this city, doing thousands of dollars worth of property damage.

Camden was in darkness last night, all the electric lights having been turned off, while streets in the northern section of that city are filled with the debris from ruined buildings and telegraph poles.

Mrs. Annie Cleary of Camden and Miss Annie Behren of Philadelphia, who were riding in a street car in Camden, were caught beneath a building which was demolished and so severely crushed that physicians say neither can recover.

DRIVEN INTO STREETS.

In the section of Camden where the storm was most severe entire blocks of buildings were unroofed and the occupants were driven to the streets in terror.

Although the vortex of the storm did not reach this city, considerable damage was done here, the wind reaching 40 miles an hour. An unoccupied six-story building in Chestnut street was unroofed and an immense sheet of tin was blown across that thoroughfare.

A panic was caused among operators in the main office in the Western Union Telegraph Company when a bolt struck the seventeenth floor of the building where they are employed.

A mad rush for the doors ensued, but no one was hurt seriously. A driver of a taxicab was blown from his seat and the machine crashed into a store window.

No section of the city escaped damage, the wind visiting West Philadelphia and the suburbs of Germantown and Chestnut Hill.

ONE PERSON KILLED.

WILMINGTON, Del., April 3.—The wind storm which swept over Philadelphia and a part of New Jersey last night did much damage in Delaware, killing one person and injuring others. A schooner supposed to be the Hummock from the city of Charleston, S. C., for Philadelphia, was driven on Chery Island in the Delaware river.

FATHER SEEKS SON.

SAN FRANCISCO, April 3.—An appeal was received by acting Chief of Police Shen asking that T. F. Hettlinger, who is believed to be in the cities about the bay, be located. Hettlinger's aged father is dying and longs to see his son. The communication was sent by Burr Hettlinger, rural delivery, Waiser, Idaho.

HUBBY ON TRAIL OF MISSING ARLINE

**Romany Princess Gone; Al-
leged Affinity Out of Town;
Bloodshed Near.**

BERKELEY, April 3.—In the Roman speech her name is a musical succession of broad vowels and liquids that sounds like Arline, but it has been degraded by the passage through the vast middle ages, though still romantic. Georgia. She is the daughter of Chief Ludo Mitchell of the Gypsy colony on the bay shore, and the wife of Juan Cruz, a stalwart of the tribe. But forsaking the ways of her father she has become a Christian of the tribe, she has run away with George Bakos, a Greek, and her husband has invoked the aid of the Berkeley police in her pursuit.

According to Chief Vollmer, who has seen the princess, she is as beautiful as her name. She has great black eyes that can blaze with anger or soften with passion as the spirit moves her. Her hair is dark, and falls, waist-fer, in two thick tresses, she affects western than her older sisters, she affects no jewelry save a necklace underneath it wears the inevitable particular dress that is the badge of all her tribe. She is slender, agile, haughty, as few princesses.

The girl met Juan Cruz and was won to him six months ago. She was long with the tribe. She was born in the Mediterranean country and held high place with her fathers' clan because he was its king. So fell Juan Cruz into rare good fortune when he made his bride a while ago as the Gypsies were coming up from the coast from San Diego.

bay region when Georgiana's honeymoon ardor toward her husband cooled. He sought the cause and found it in the per-

Arthur's Apollo in stature and beauty. He was almost out when Juan Cruz faced his rival, but Georgians interposed her royal personage and prevented a duel. The next day, yesterday, she was gone from the colony's camp at the foot of Murray street, and George Barakos was to be found no more in his previous haunts.

The bridegroom's anger was aroused as only a gypper's can be. He asked first the aid of the police, but then started in pursuit of his runaway bride. The police, however, trail has taken him to San Jose today. Whither next he and the clan want to learn.

REFUSE TO ABOLISH CAPITAL PUNISHMENT

PHOENIX, April 3.—The bill proposing that capital punishment be abolished in Arizona was recommended not to pass by the lower house of the Legislature, sitting as a committee of the whole, today. Either the governor or the lower house will be entitled to call upon the state Supreme Court for legal opinion at will if a bill introduced by Representative W. B. Brock of Gila county today becomes a law.

Senator C. B. Wood of Maricopa county introduced in the Senate to day a bill to create an examination and licensing of osteopaths by an appointive body of three members entirely independent of the state medical board.

TO RUNAWAY MARRIAGE

Search is being made by Mrs. James T. Mackin, of 2315 Duboce avenue, San Francisco, for a runaway bride.

Hughena Gordon, sometimes known as
 Ethel Gordon, and Vincent Hayes, 19
 years old, whom she believes have run
 away to get married. She has written a
 letter to the county clerk requesting that
 if the pair appear here, that a license be
 refused them.

 household, but instead he made use of it
 himself. He pleaded guilty today to the
 charge.
